Dia Bonito Resorts Fact Sheet

A private island in Bocas del Toro, Panama, with a big covered pavilion right in the middle of it. Here are the facts you'll want in front of you when you're planning for your couples, clients or students.

The island at a glance

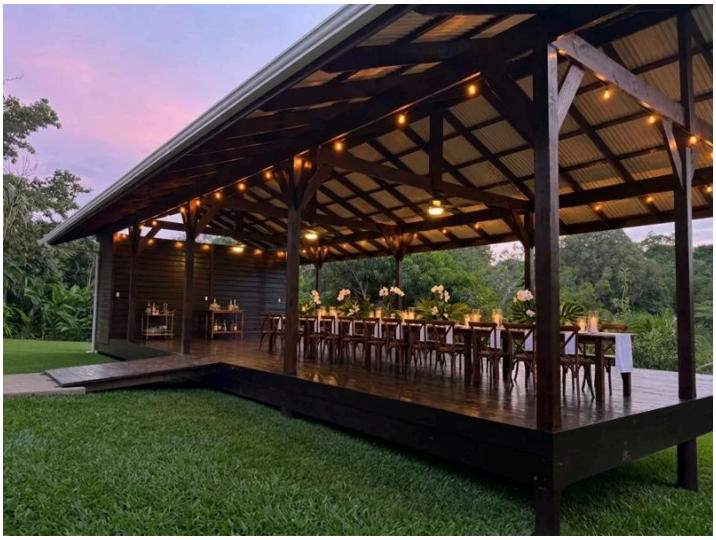

THE ISLAND	Private, in Bocas del Toro, Panama, and rented to one group at a time. No other guests are ever on the island.
SLEEPS	Up to 24 guests (16 adults at double occupancy, 20 adults at triple occupancy, or 24 if you have little ones sharing the futon) in eight air-conditioned ensuite bedrooms, spread across the main hacienda and the waterfront bungalow.
BOOKINGS	We're now accepting bookings.
GETTING HERE	Fly into Panama City, then take the one-hour flight to Bocas del Toro. Our team meets you at the airport, and a private boat covers the last fifteen minutes.
OVERFLOW GUESTS	Partner resorts nearby take overflow guests when your group is bigger than the island sleeps.

The pavilion

The pavilion sits at the center of the island. The 1,000-square-foot covered solar pavilion is open on the side so you can take in the views of the water, the mountains, and the jungle all at once. Here is what fits under it.

How it works for you

Wedding planners

Picture your couple saying their vows with the jungle behind them and 80 guests close enough to hear every word. The whole island is theirs for as long as they stay, and guests beyond the 24 who sleep here can stay at the partner resorts nearby.
